My ambition is to make sure both schools are the best places they can be for all pupils and staff. Learning is one of life's great joys, and what our children do at school is central to their future happiness and success.

The board plays a critical role in supporting both schools and, if elected, I'll bring my passion for learning, enthusiasm, and experience.

In my early twenties I spent a year teaching English in China before building a career in marketing agencies.

My job involves strategic thinking, managing staff, negotiating budgets, and delivering complex projects. At heart though, it's about building trust with clients and colleagues to get the best from everyone – something I think is really important in a school community.

I am married with two wonderful children, including a daughter in reception at Elm Park Primary. I'm a keen runner and hiker, and love to read.
